Learning objectives – mandatory

The fulfilled and assessed learning objectives must be marked **by the student** with an x.
The **assessment** can be performed by the mentor in three ways: **direct observation** of the student during performance of a clinical activity (see page ii), **CPY task** (see page P4-P6), **Mini-CEX/DOPS** (see page v-vi). At the end of completion of the CPY tertial in the respective department, fulfilment of the learning objectives must be signed off by the mentor.

Competence

Objectives completed

Taking a medical history

1.	Prepare a report of distinct medical parameters (record all normal anatomical variations, varieties and pathologies of anatomic specimens dissected during the course "Organ Morphology")	○

Performance of examination techniques

2.	Ascertainment of the status of anatomical study specimens (external description, diagnosis of regular vs. irregular topographic anatomical relations)	○

Performance of routine skills

3.	Correct performance of macroscopic anatomic dissections under instruction	○
4.	Learning to use the dissecting magnifier/operation microscope for delicate dissections	○
5.	Learning and using various fixation and preservation methods that are used in macroscopic anatomical dissection	○
6.	Use of specimen care methods and methods to ensure long-term specimen storage	○

Communication with patient/team

7.	Ethically correct treatment of body donors	○
8.	Identifying ethically problematic situations	○
9.	Giving teaching presentations and passing on specialist information, procedures and skills to students and other medical professionals	○

Documentation

10.	Working with local / national and international guidelines and protocols	○
11.	Compliance with legal requirements (Austrian Physicians' Act, Austrian Hospitals Act, Vienna Act governing Disposal of the Dead, Austrian Criminal Code, Austrian Insurance Act as well as laws that must be publicly displayed - Workers Protection Act and associated regulations)	○
12.	Documentation in patient files/report of distinct medical parameters	○
13.	Information request in the database of body donors or in the associated files	○

Verified by mentor

Learning objectives – optional

In addition to the competences that are mandatory to achieve, optional competences from the training progammes may also be acquired.
