

Learning objectives – mandatory

The fulfilled and assessed learning objectives must be marked **by the student** with an x.

The **assessment** can be performed by the mentor in three ways: **direct observation** of the student during performance of a clinical activity (see page ii), **CPY task** (see page P4-P6), **Mini-CEX/DOPS** (see P. v-vi). At the end of completion of the CPY tertial in the respective department, fulfilment of the learning objectives must be signed off by the mentor.

Competence	Objectives completed
Taking a medical history	
1. Taking a systematic history with the features of the typical symptoms of gastrointestinal and hepatological conditions	<input type="radio"/>
2. Identification of risky behaviours and hazardous lifestyles in terms of alcoholic and viral diseases of the liver	<input type="radio"/>
Performance of examination techniques	
3. Handling a central venous catheter	<input type="radio"/>
4. Paracentesis	<input type="radio"/>
5. Administering intravenous injections	<input type="radio"/>
6. Positioning a gastric tube	<input type="radio"/>
Performance of routine skills	
7. Basic status – identifying skin manifestations in hepatic diseases	<input type="radio"/>
8. Using the Child score in cirrhosis of the liver	<input type="radio"/>
9. Applying the MELD score in cirrhosis of the liver	<input type="radio"/>
10. Determining the CDAI in Crohn's disease	<input type="radio"/>
11. Inspection of abdomen including eliciting abdominal tenderness, rebound tenderness and guarding	<input type="radio"/>
12. Eliciting abdominal fluid thrill (ascites)	<input type="radio"/>
13. Rectal examination	<input type="radio"/>
14. Assessment of peripheral oedema of the lower extremities	<input type="radio"/>
15. Assessment of level of consciousness by means of the Glasgow Coma Score	<input type="radio"/>
16. Assessment of hepatic encephalopathy with the aid of the Reitan test	<input type="radio"/>
17. Awareness of the minimum blood coagulation parameter requirements for endoscopic interventions	<input type="radio"/>
18. Clinical diagnosis of death	<input type="radio"/>
19. Monitoring patients using pulse oximeter and ECG	<input type="radio"/>

Competence

Objectives completed

Therapeutic measures

- | | |
|--|-----------------------|
| 20. Assistance in diagnostic and therapeutic endoscopic procedures | <input type="radio"/> |
| 21. Assistance in emergency haemostasis measures in the case of bleeding from oesophageal varices and stomach ulcers | <input type="radio"/> |
| 22. Assistance and monitoring of patient sedation during endoscopy using propofol | <input type="radio"/> |

Communication with patient/team

- | | |
|--|-----------------------|
| 23. Providing information to patients and relatives in an ethically correct and professional manner in compliance with legal requirements and ensuring that the patient has understood the information | <input type="radio"/> |
| 24. Telephoning patients and third parties in an ethically correct and professional manner (in accordance with legal requirements) | <input type="radio"/> |
| 25. Giving main information elements necessary to get informed consent | <input type="radio"/> |
| 26. Summarizing the main points of diagnoses, active problems and management plans of a patient | <input type="radio"/> |
| 27. Clarifying with nursing staff monitoring measures and calling criteria concerning patients | <input type="radio"/> |
| 28. Identifying ethically problematic situations | <input type="radio"/> |
| 29. Managing patients with contradictory investigation results | <input type="radio"/> |
| 30. Conservative management of patients with self-limiting disease ("wait and see") | <input type="radio"/> |
| 31. Discussing diagnoses/prognoses with patients | <input type="radio"/> |
| 32. Participating in meetings with relatives | <input type="radio"/> |
| 33. Involvement in discharge management | <input type="radio"/> |

Documentation

- | | |
|---|-----------------------|
| 34. Writing letters for transfer or discharge of patient | <input type="radio"/> |
| 35. Working with local / national and international guidelines and protocols | <input type="radio"/> |
| 36. Compliance with legal requirements (Austrian Physicians' Act, Hospitals Act, Insurance Act) | <input type="radio"/> |
| 37. Documentation in patient files/report of distinct medical parameters | <input type="radio"/> |
| 38. Information request in hospital information system | <input type="radio"/> |
